Heritage Bank believes that we should re-invest in the communities where we do business. One important way to re-invest is by contributing to organizations and issues that are important to our community.

Areas we are primarily interested in contributing to are:

- Children and youth programs (including but not limited to: youth sports teams; boys and girls clubs; after-school programs; mentoring programs; YMCA/YWCA)
- People in crisis (including but not limited to: victims of disasters; local food banks; homeless shelters; The Red Cross; domestic violence shelters)
- Community and civic organizations

Our contributions are for the support of ongoing operations as well as tangible lasting projects. The committee meets on the first Monday of each month.
